PT Mitra Informatika  
Surabaya

Dear Sir/ Madam:

**APPLICATION FOR THE WEB FRONT END DEVELOPER**

I am writing in response to your advertisement in the Jobstreet website for a Web Front End Developer and would appreciate if you could consider my application. I am 21 years old. I am graduated from Politeknik Negeri Malang majoring at Informatics Engineering Study Program with GPA= 3.85.

As you will note from my enclosed CV, I have a thorough knowledge about computer and have experience in front end developing for about 2 years. I also meet some of the attached criteria needed including knowledge and skills for object oriented programming (OOP), html, css and javascript. Due to some of the experiences I have, I am able to work in groups. In addition, I have consistently met client expectations and project milestones while working effectively in deadline-driven environments.

I believe my education, skills, and experiences fit your requirements, and would be an asset to your company. I hope I may be granted an interview at which I would be pleased to provide any further information you may need. I am looking forward to hearing from you.

Best regards,

Naili Ikmalul Insiyah
